EDUCATION

Bachelor's degree
AAA college of engineering
and technology - 2027

SSLC education
Hindu higher secondary
school - 2023

TECHNICAL SKILLS

Coding
Html, c, c++,
Javascript , python
pentest , Debugging
web vuln finding,
Microsoft Office

ACHIEVEMENTS

Ehical hacking/Achievements
Yhills
2025

Cyber security/Achievements
Tech maghi
2025

SUMMARY

B.Tech **Information Technology** student with interest in **Cybersecurity and Penetration Testing**. Completed **SSLC and 12th** at *Hindu Higher Secondary School, Watrap* (2023). Currently pursuing a **Bachelor's degree in IT** at *AAA College of Engineering and Technology* (2027). Skilled in **HTML, C, C++, JavaScript, Python** with basic experience in **web vulnerability assessment and penetration testing** using **Kali Linux, Nmap, and Burp Suite**. Completed a **web security academic project**. **Ethical hacking certified**, quick learner, aspiring **Cybersecurity Pentester**

PROFESSIONAL EXPERIENCE

Security Analyst Intern

Cybersecurity Intern (Ethical Hacking & Penetration Testing)

YHills | TechMaghi — 2025

- Completed hands-on internship training in **Ethical Hacking and Cybersecurity**, focusing on **penetration testing and vulnerability assessment**.
- Performed **Windows and Ubuntu password penetration testing** in lab environments.
- Conducted **exploitation using Metasploit Framework** to identify and validate security weaknesses.
- Executed **network and web vulnerability scanning** using **Nessus Pro** and **Spider tools**.
- Identified and analyzed **web application vulnerabilities** using **Burp Suite**.
- Worked in **Kali Linux and Windows environments** for testing and exploitation tasks.
- Applied **HTML, JavaScript, Python, C, and C++** knowledge for scripting, testing, and understanding application logic.
- Prepared basic **vulnerability reports and documentation** using Microsoft Office tools
